

**SURGICAL TABLE -
FULLY ELECTRIC
MOBILE
TORONSURGE™-1000B**

Surgical Table – Fully Electric Mobile ToronSurge™-1000B mobile operating table is designed for maximum versatility and ease of use across a wide range of surgical procedures. Built with high-quality 304 stainless steel, the bed and column are durable, easy to clean, and resistant to contaminants—ensuring superior hygiene and longevity.

APPLICATIONS

The table surface is divided into five sections: headrest, backrest, seat, and two detachable leg sections, offering exceptional flexibility for various surgical positions.

With 340mm horizontal translation, this table provides an optimal imaging area for C-arm procedures and is compatible with X-ray film boxes, making it an excellent choice for modern operating rooms.

This multi-functional electric surgical table is ideal for general surgery, abdominal procedures, obstetrics, gynecology, ENT, urology, anorectal surgery, and orthopedics.

FEATURES

Key Features

1. Double-Joint Headrest for Precision Positioning

The adjustable double-joint headrest allows precise height and angle adjustments, ensuring patient comfort and optimal surgical access.

2. Electrically or Gas Spring-Controlled Leg Plates

The leg plates can be manually adjusted with a gas spring or upgraded to full electric control for enhanced convenience and efficiency.

3. Optional Dual-Control System

The handheld remote control and optional panel control provide redundant safety measures, ensuring continuous operation in any scenario.

4. Heavy-Duty German TENTE Casters

High-quality wear-resistant and silent casters offer smooth mobility while maintaining maximum stability.

5. Built-In Rechargeable Battery

The high-performance rechargeable battery supports up to 50 surgeries on a single charge, with an AC power backup for uninterrupted operation.

6. Advanced Customization Options

Optional one-button reset, positive flexion, and reverse flexion functions enhance surgical adaptability and ease of use.

TECHNICAL SPECIFICATIONS

Model	Surgical Table - Fully Electric Mobile ToronSurge™-1000B
Dimensions (L × W)	2100mm × 550mm
Height Adjustment	1000mm - 700mm

Leg Plate Adjustment	+15° / -90° / -90°

Trendelenburg / Reverse Trendelenburg	25° / 25°
Lateral Tilt (Left & Right)	15° / 15°
Kidney Bridge Elevation	≥110mm
Horizontal Sliding	345mm
Flex / Reflex Function	Combination Operation
X-ray Compatibility	Optional X-ray Board
Control System	Standard Panel & Optional Hand Remote
Motor System	Electric Motor
Voltage Options	220V / 110V
Frequency	50Hz / 60Hz
Power Capacity	1.0 KW
Battery Backup	Yes
Mattress Type	Memory Foam Mattress
Material	304 Stainless Steel
Maximum Load Capacity	200 KG
Warranty	1 Year

Standard Accessories

Accessories for Enhanced Functionality

Anaesthesia Screen

Provides a privacy barrier during procedures.

Fixing Clamp

Securely attaches accessories to the table rail.

Stomach Support Rod

Supports abdominal positioning during surgery.

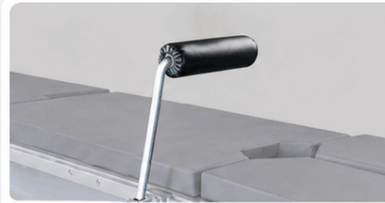

IV Stand

Holds IV bags for fluid administration.

Fixing Clamp

Securely attaches accessories to the table rail.

Knee Support Rod

Provides support and stability for the knee.

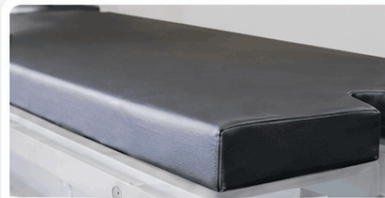

Arm Rest (PU)

Offers comfortable support for the arm.

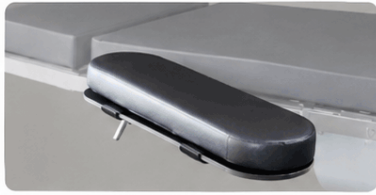

Fixing Clamp

Securely attaches accessories to the table rail.

Seamless Memory Pad

Conforms to the body for enhanced comfort.

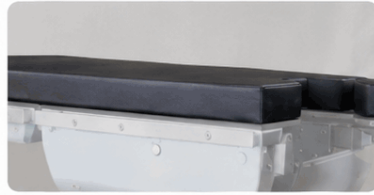

Arm Rest (Padded)

Offers comfortable support for the arm.

Fixing Clamp

Securely attaches accessories to the table rail.

Memory Pad

Conforms to the body for enhanced comfort.

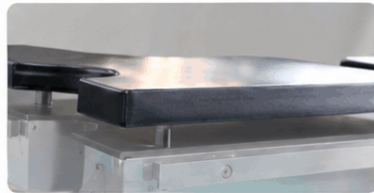

Arm Rest (Padded)

Offers comfortable support for the arm.

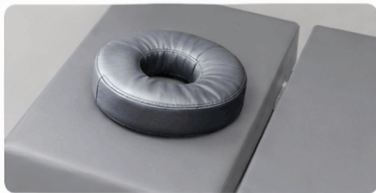

Fixing Clamp

Securely attaches accessories to the table rail.

PU Pad

Durable surface for added support.

Head Ring

Provides head support and stability.

Body Belt (Buckle Type)

Secures the body for safety and stability.
